

# Room Reservations Handbook for Students

Fall 2024

### INTRODUCTION

All events convened in Columbia Law School buildings or spaces (including Jerome L. Greene Hall, William and June Warren Hall, William C. Warren Hall, and Jerome L. Greene Annex), regardless of the affiliation of the organizer(s) or attendees, must abide by the following general protocols, which supplement <u>University policies</u>. This updated Handbook provides information about the process for booking spaces and planning events via EMS, as well as the relevant dates and deadlines. Student Organizations should also review and abide by the <u>Student Organization Handbook</u>.

- Room Reservations. A confirmed room reservation is required for all meetings and events
  held in Law School reservable spaces. Room reservation requests must be submitted via the
  Columbia Law School Event Management System (EMS).
- Permission to Reserve Space. Columbia Law School faculty, staff, researchers, librarians, and designated representatives from recognized student organizations shall have access to reserve space via EMS. Contact <u>Room Reservations@law.columbia.edu</u> for assistance with accessing EMS.
  - Non-Law School or Non-Affiliate Events. Requests for use of Law School reservable space by alumni, individuals or entities with affiliations elsewhere within Columbia University, or who have no affiliation with the University or the Law School, will be considered on a case-by-case basis. Such requests should be transmitted to <a href="Room\_Reservations@law.columbia.edu">Room\_Reservations@law.columbia.edu</a>.
  - Fronting. In accordance with <u>University policy</u>, booking space on behalf of a group or individual other than the event organizer is not permitted. This practice, known as "fronting", also prohibits faculty members and their coordinators, as well as administrative offices, from booking space on behalf of students and student organizations.
- Reservable Spaces. A list of reservable spaces at the Law School can be found on the Room Reservations website.
- Standard Room Setup. Each reservable space is equipped with a default furniture and technology configuration, which is described on the <u>Room Reservations Website</u>. Changes or additions to the default setup may incur additional expenses and require additional coordination and approval.
- Order of Priority. First priority for the use of reservable space is granted to Law School
  courses listed in the Curriculum Guide and scheduled exams. Second priority is given to nonclass academic activities, such as review/TA sessions, makeup classes, and moot court
  activities. Third priority is given to co-curricular and intellectual life events, including panel
  discussions, academic support programs, faculty meetings and workshops, and student
  organization meetings. Fourth priority is given to departmental meetings and other nonacademic activities that do not fall within the first through third categories above.
- All questions pertaining to room reservations should <u>only</u> be sent to <u>Room Reservations</u>.

### TIMELINE FOR ACCESS TO EMS WEBAPP

- During the academic year, requests for space will not be confirmed until the course schedule is finalized, and rooms have been assigned to each individual class. The online room reservations system, EMS WebApp, will be inactive until those classroom assignments are complete. The community will be notified via email once EMS WebApp reopens for reservations. Events will be approved on a rolling basis with the most immediate events being approved first.
  - Beginning August 20, 2024, the room reservation system will reopen in the following order:
    - Using EMS WebApp, only faculty, centers, and staff will be able to reserve a room for the Fall semester during the following dates:

### STUDENTS PLANNING AN EVENT AT THE LAW SCHOOL

Student organizations should review these seven steps outlined in the following pages of the Handbook to understand the room reservation process. For an in-depth breakdown of event planning for Student Organizations, consult the Student Organizations Handbook and Planning Events pages accessible via the <u>Student Organizations website</u>.

### STEP ONE: GET AN EMS LOGIN

- Over the summer, you will receive an email from <u>Student Organizations</u> to identify points of contact for different members of your board. One such will be for who will have EMS access. If you wish to gain access to EMS when it opens, you <u>must</u> fill out this form before the deadline.
- If you need a login after the Point of Contact form has closed, please email\_ <u>Student Organizations</u> with your name, UNI, phone number, and student organization(s) for which you will be reserving rooms.

### STEP TWO: CHOOSE A DATE OR DATES

- In an effort to avoid conflicting programs please check the following calendars well in advance of the event:
  - Law Cal
  - Student Organization Calendar
  - Student Affairs Calendar
  - Dates when room reservations are limited
- Once you have consulted these calendars, please identify your intention for the event on the Student Affairs Google Calendar. If you need access to this calendar, please email Student Organizations.

### STEP THREE: ROOM RESERVATION

- How to Reserve. All requests for space must be submitted to Room Reservations via the EMS WebApp. Please review the Room Reservations page for additional information on available law school rooms, including their capacity and AV capabilities.
  - o EMS WebApp automatically adds set-up/teardown time to a reservation's start and end time to allow Facilities staff to prepare a room or clean up after an event. Classrooms and seminar rooms in Jerome Greene Hall, William and June Warren Hall, and William C. Warren Hall require four minutes in setup/teardown time at the beginning and end of every reservation. Flexible, non-classroom spaces such as Case Lounge, Jerome Greene Annex, and Lenfest Café require one hour of setup/teardown time at both the beginning and end of every event.
    - For example, if an event is scheduled to take place in Case Lounge from 2:00 3:00 p.m., the next event may begin at 5:00 p.m.
  - o If your event will likely need longer set-up or teardown times, please build that into your request when you submit. If you are unsure of how long set-up or

teardown will take, please reach out to Room Reservations to ensure you request adequate time.

- Speedcharts. While you will be prompted to enter a speedchart, please use your account number. If you do not know your account number, please contact <u>Student</u> <u>Organizations</u>.
- Spaces outside the Law School. If you would like to reserve a room or space at another Columbia University School or venue (such as the auditorium at Lerner Hall or any outdoor space at the University) please contact Jeffrey Bagares as far in advance as possible.
   Some spaces at the University must be reserved in the semester prior to the one during which the event is held. These spaces are managed by Columbia Event Management at UEM.

### STEP FOUR: AUXILIARY SERVICES

- Auxiliary Services. Receiving confirmation of a room only permits access to the room. Any additional requests including but not limited to furniture configuration (including rental furniture, if necessary), table linens, catering, microphones, use of projector screen, and use of computers are considered auxiliary services. Below you will find a list of the most frequently used auxiliary services. If you would like a quote for the auxiliary fees, please contact Room Reservations at least two weeks before your event. If you anticipate the needs of auxiliary services, please submit your room reservation request a minimum of five days in advance of the event.
  - o Building Services
    - If your event will require special furniture configuration, additional tables, linen rentals, or if food will be served, you must contact <u>Room</u> <u>Reservations</u> who will consult with Building Services and Facilities on your behalf.
    - You cannot move furniture or clean-up after your event per Union contract agreements.
  - Audio Visual/Information Technology Services
    - If your event requires technological/Zoom and/or AV capabilities (including if a guest requires disability accommodations that would allow the guest to fully participate in an event), please contact Room Reservations and they will contact AV/Information Technology Services on your behalf.
    - If you have external guests on Zoom or in person always ask permission for speakers and guests before you record.
  - Public Safety
    - If your event will feature a government official or who travels with a security detail (including judges and former officials), a prominent or controversial speaker, or if you have reason to believe that your event requires security please contact <a href="Jeffrey Bagares">Jeffrey Bagares</a>.
      - If the person is a head of state, head of government, cabinet minister, high government official or leader, is considered high

profile or controversial, please let <u>Jeffrey Bagares</u> know as soon as possible but not less than 10 business days before the event. Please note, events including any of the aforementioned with require an event review.

- If you have external guests on Zoom always ask permission for speakers and guests before you record.
- Carefully review the <u>University's Policy on Partisan Political Activity</u> before you plan any action or event sponsored with a political party or candidate.
- Your event may be subject to an event's review by the University.
   You can work with <u>Jeffrey Bagares</u> during this process.

### **STEP FIVE: ROOM USAGE AND LIMITATIONS**

- Events for which student organizations WILL NOT be responsible for facilities charges if an event satisfies all of the criteria listed below:
  - The event begins on the Law School campus between Monday at 9 a.m. and Friday at 9 p.m. and is open to all Law School students.
  - No alcohol is served.
  - o There are not extraordinary set-up or clean-up requirements for the event.
  - The event location is not misused or otherwise damaged during the event.
  - The student organization requested the space and maintained the reservation through the conclusion of the event.

### • Space may NOT be reserved by any parties for:

- External organizations this is considered fronting, and any evidence of this would be cause for removal of access to EMS.
- Non-organization related personal use (phone/web calls and interviews, individual study space, social gatherings, etc.)
- Study groups and/or group project work
- Less than 30 minutes. All events must be at least 30 minutes in length to warrant a reservation.

### When EMS is closed

 EMS is **closed** for students during study periods, exam periods and during the summer. In order to schedule your events, you need to email room\_reservations@law.columbia.edu.

### Study Breaks and Exam Review Sessions

- Study Breaks
  - Student organizations and journals are restricted to one (1) study break during the reading and midterm/exam periods. This study break can be up to two (2) hours long.
- o Exam and Review Sessions
  - Student organizations and journals are restricted to one (1) review session

during the reading and midterm/exam periods. This study session can be up to two (2) hours long.

### TA/TF Sessions

- Students should not request rooms for their TA/TF sessions via the EMS WebApp. Faculty assistants should be submitting the sessions. If a student needs to change the time of a session or request an additional session, they should coordinate with the faculty assistant and room reservations directly via email.
- If your professor does not have a faculty assistant, please email <u>room\_reservations@law.columbia.edu</u> to coordinate your sessions.

### **STEP SIX: OTHER CONSIDERATIONS**

- Catering Considerations
  - You are responsible for making catering arrangements.
  - o Please take into consideration potential dietary restrictions/preferences of your attendees, e.g., Kosher, vegan, vegetarian, gluten-free, food allergies, etc.
  - To reduce food waste, please make every effort to match your order to the number of attendees.
    - Please also reduce the use of disposable plastic at your event.
  - All events at Columbia Law School are subject to the University's Alcohol Policy. Details of that policy may be found <u>here</u> if you plan to serve alcohol at your event.
    - Additionally, all student organizations are subject to the On-Campus Student Events Alcohol Policy, and must submit an alcohol notification form to Student Services.
- Accessibility
  - Please review the <u>Event Accessibility Checklist</u> to ensure that your event is accessible for all students and/or attendees.

### **STEP SEVEN: CANCELLATIONS**

- Cancellations must be made no later than 72 hours before the room reservation's scheduled setup time out of consideration for others in the Law School community.
- Cancellations must be emailed to Room Reservations.

### Frequency Asked Questions (FAQs)

May I request and thus place holds on multiple rooms of different capacities while I am waiting to determine the number of attendees who be in attendance?

No, the Law School cannot maintain multiple rooms on "hold" for single bookings.
Please submit your room request once the desired room capacity has been
established. Requests that violate this policy will automatically be canceled, and a
notification of cancellation will be sent to the requester.

# My room appears available on the "Check Availability" page, but when I try to submit the request, it does not appear as an option.

- Most likely, one of two things is happening:
  - Time is automatically added to the setup/teardown of a reservation. For example, a booking scheduled to end at 12:00 p.m. will still be occupied (according to the scheduling system) until 12:04 p.m. Since the next booking will automatically add four minutes to the beginning of the reservation, the earliest it can be requested is 12:09 p.m. (The same principle applies to requests for flexible spaces like the Jerome Greene Annex, and Case Lounge, exception for the automatically added time extends to one hour each for setup and teardown.
  - EMS defaults on assigning AM to the time; please double check that you are correctly indicating "AM" or "PM" for your start and end times and then resubmit the request.

### My room time is defaulting to start at :15, but I want to start my event at :10.

• The system defaults to quarter hours -- :00, :15, :30, and :45. If you want to start at any other minute interval, you will have to type in the time.

### I don't remember my EMS login information. What do I do?

• Email <a href="mailto:room\_reservations@law.columbia.edu">room\_reservations@law.columbia.edu</a>, and we can reset your password.

### Can I move tables or clean-up the room myself?

 No. All events needing such support should be booked with enough time for Room Reservations to send a confirmation and for Building Services to submit a ticket for Facilities support.

### Can I book Revson Plaza or the Faculty House through the Law School?

 No. Columbia Law School does not manage Revson Plaza or the Faculty House. They are managed by Columbia Event Management at <u>uem@columbia.edu</u>

### Can I book a room for the next semester? I'm having a huge event and need to solidify the rooms to share with the caterer?

 No, you must wait until the current semester to request rooms. An email of when EMS will open for the respective semester will circulate.

### My EMS log-in is not working

- Please make sure you are logging into the <u>Law School's EMS portal</u>.
- Please make sure you are using your full UNI email address as the username (<u>rd2615@columbia.edu</u>) unless your account was created with your identifiable email address.

### Can I have my event at Drapkin or Lenfest?

 No. These spaces are strictly offline for student study and community. You may utilize the space but there is no guaranteed exclusivity and you are not permitted to place signage or keep other students out of the space.
